

FILLING

# FILL-ONE+

Get the new filling!

4  
MAIN  
BENEFITS

## ▶ A NEW DESIGN FOR A NEW GENERATION

- A new generation of Fill-One, featuring new functions, and a new look

## ▶ QUIETER THAN EVER

- New silencers make FO + 2 decibels quieter than the first generation

## ▶ NEVER, EVER OPEN THE DOOR SOONER

- Filled with a manometer that also works as an end of cycle indicator
- No more machine air pressure, pigment charge or paint viscosity after sales issues
- No more sales lost due to cleaning operation

## ▶ MAKE YOUR REQUIREMENTS A REALITY!

- Now compatible with neck-in aerosols
