

LED there be light!

Q-LITE - THE POWERFUL DAYLIGHT LAMP FROM AXALTA

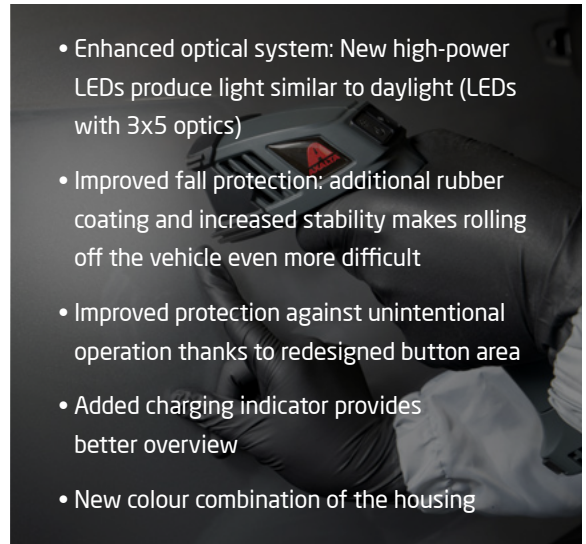

CREATE OPTIMAL LIGHT CONDITIONS ANYTIME, ANYWHERE.

Whether carrying out damage appraisals, comparing the car colour with samples or checking the freshly painted finish for dust inclusions, perfect lighting is critical to get it right.

Our cordless Q-Lite daylight lamp helps refinishing professionals to choose the right colour. The enhanced optical system with 15 high-power LEDs enables bodyshops to set light intensity levels in multiple stages making it conceivable to compare both light and very dark metallic colours accurately. In addition to providing bright daylight, comparable to midday light, the Q-Lite daylight lamp also provides warm evening light.

The latest generation of our Q-Lite daylight lamp is not only brighter, but it is also made more durable. The built-in fall and fragment protection makes small accidents a thing of the past. Thanks to the latest energy-saving LED and enhanced battery technology, our Q-Lite daylight lamp is ready to be used all day long.

- Enhanced optical system: New high-power LEDs produce light similar to daylight (LEDs with 3x5 optics)
- Improved fall protection: additional rubber coating and increased stability makes rolling off the vehicle even more difficult
- Improved protection against unintentional operation thanks to redesigned button area
- Added charging indicator provides better overview
- New colour combination of the housing

TECHNICAL INFORMATION:

Specification luminaire	
Operating voltage	17 - 20 V DC
Operating current (charging process)	0,700 - 0,850 A
Output	max. 17 W
Charging time	max. 3 - 4 h
Protection type	IP20
Protection class	III (SELV)
Dimensions	ca. 255 mm x 68 mm x 80 mm
Weight (excl. battery)	1.900 - 2.100 mAh

Specification battery	
Type	Ni-MH
Voltage	9,6 V
Capacity	1.900 - 2.100 mAh
Dimensions	101 mm x 29,5 mm x 29,5 mm
Weight (excl. battery)	223 g
